To Whom it May Concern,

It is with pleasure and gratitude that we share comments on our experience with Bill Thom in the listing and sale of our home.

The experience at each phase of the sales effort was superior: useful insights on pre-listing work of preparing our house; pricing strategy and effective showings. As a result we received multiple offers and our house was sold in two (2) days. The guidance he provided and proactive facilitation during the sale negotiations was precise and clear. All of these tasks, whether business-related or interpersonal, were accomplished with a noticeable degree of competence and integrity.

Thus, we highly recommend Bill Thom for your real estate needs.

Sincerely,
