

As long time residents of Willowdale, we have noticed Bill Thom's activities in my neighborhood over the years. So, when it came time for the "Big Move" it was only natural that we phoned Bill; besides, he also came referred for he had sold some of our friends' houses in the neighborhood.

Right from the get-go, Bill was very informative and thorough in helping us in the area of home preparation , market timing and explained to us clearly the time line of the various steps to the sale process.

To our pleasant surprise, our house was sold with multiple offers in this trying market with over the asking price , our closing date, a great deposit and a FIRM offer with NO CONDITIONS! The icing on the cake was it was sold to a loving family who really appreciate our home like we did.

We showed our appreciation by already having referred Bill to help one of our close friends sell their home.
