

We have been living in the Willowdale area for over 30 years! And throughout that time, my wife and I have taken notice of Bill Thom's sales activities in the neighborhood and have heard some good accolades from our friends and neighbors about him. So when it came time to sell our home and move to our finished pre-construction condo, it was a no brainer for us. And Bill, you have not only lived up to your reputation but surpassed our expectations. From start to finish, you and your team were always there to advise and guide us through the process of minor touch-ups and house staging right through to offer-presentation. Our house was sold for what we wanted in this very challenging market in a relatively short time despite not having a For Sale lawn sign upon our request!

We definitely will not hesitate to refer you to our friends and neighbors.

All the best Bill in 2023!
